APPENDIX

Terms & Conditions	
--------------------	--

Invotec's Swiss Therapy® Masks and Sheeting are synthesized from a patented Hydrogel material. It is used as a lightweight and flexible cold compress during and after cosmetic procedures of the face.

- Moist, but not wet
- Lightweight & comfortable
- Gently pliable & conforming
- Non-adherent

- Highly patient compliant
- Convenient, easy to use
- Soothing to skin
- Sterile

10-08803

10-08813

10-08820

SWISS THERAPY® EYE AND FULL FACE MASKS

An easy to use, post-operative cold compress for a variety of plastic surgery or cosmetic procedures involving the facial area. While comforting to the patient, it reduces post-operative swelling, redness and discomfort, decreases healing time, and enables the patient to return to normal activities more quickly, increasing the patient's satisfaction.

Superior Post-Operative Compress with Swiss Therapy

- Conforms better to the contours of the face
- Does not leak
- Does not put pressure on or stick to the skin
- Provides superior post-operative wound monitoring, while absorbing and providing pain relief

Number	Description		Qty/Box
10-08803	Swiss Therapy® eye mask	Sterile	3
10-08813	Swiss Therapy® eye mask Reinforced	Sterile	3
10-08820	Swiss Therapy® Full face mask	Sterile	2

LASER & IPL SKIN THERAPY THROUGH SWISS THERAPY® SHEET

Provides cooling local anesthetic and pain relieving effects during and after Laser and IPL and before or after injectable therapies. The immediate application of Swiss Therapy® provides a soothing, refreshing, and relaxing feeling. Further, Swiss Therapy® reduces the risk of hematoma formation and is beneficial in restoring strength and mobility more quickly so that patients can heal faster and feel better sooner.

INJECTION THERAPY WITH SWISS THERAPY

Your injectable therapy patient's aesthetic procedure experience can be optimized via the cooling comfort provided, before and after injection.

- Soothe the skin, reduce redness
- Minimize skin irritation
- Relieve burning sensations
- Control adverse effects commonly associated with Botox® and other injectable therapies

Swiss Therapy® hydrogel sheeting is a convenient and non-aggressive strategy for cooling and protecting the epidermis during and after laser and IPL procedures.

- Virtually no prism effect when performing procedures through Swiss Therapy® sheeting
- Prevents the escape of tissue splatter and smoke plumes, while maximizing patient comfort

Swiss Therapy® Pad Indications

- Can be used in with all laser systems (Q-switched, pulsed), and arc lamps in the therapeutic wavelength range of 500-1100nm without affecting transmission of the laser energy. Swiss Therapy should not be used with wavelengths less than 500nm or more than 1100nm or in laser therapies using lasers with integrated, liquid coolant based cooling systems.
- Non-ablative dermo-cosmetic medical laser products only.

INK SKIN MARKER

The first prep resistant ink skin marker to virtually eliminate the need for remarking of the patient even after prepping with common alcohol-based antiseptics such as Chloraprep® or Duraprep™. Successful in millions of clinical trials, the XL features patent-pending ink that remains visible after prepping patients.

- Visible up to 10 times longer than traditional ink skin markers
- Ultra Fine Tip
- Sterile
- Includes ruler

Cylinder

GELATIN SPONGES AND FILM USP

Indicated for use to control minimal bleeding by tamponade effect, blood absorption and platelet aggregation following ENT surgery and to prevent adhesions in the nasal cavity. Gelatin sponges are effective in supporting the new graft in the outer ear canal after tympanoplasty and buttressing middle ear implants.

EQUIPORE

Equipore is a biodegradable polyurethane foam nasal dressing that provides structural support within the nasal cavities following surgery or trauma. Its fragmentable nature means that it can break down and be absorbed or removed easily, minimizing the need for additional interventions.

BENEFITS OF USING EQUIPORE

- REDUCED ADHESIONS
- EFFECTIVE HEMOSTASIS
- BIODEGRADABILITY
- PATIENT COMFORT

Number	Description	Qty
EQR-01	Equipore, 4.0cm	8 EA
EQR-02	Equipore, Standard 8.0cm	8 EA

EQUITAMP® GOLD

EQUITAMP® Gold is prepared by oxidizing a suitable form of cellulose, pure viscose. Additional processes are then performed to obtain a pure and high-quality form of oxidized and regenerated cellulose. Once placed against the tissue, EQUITAMP® is fully resorbed, independent of the circumstances.

- Sterile

EQUITAMP® has a density of 120 mg/cm² and a thickness of 0.4mm.

ULTRA-STAT™

Epistaxis nasal balloon with integral airway

- Designed for fast control of intra-nasal bleeding and patient comfort
- Bevelled posterior tip and soft silicone construction provide for easy placement
- Two silicone balloons independently filled facilitate pressure control in both the anterior and posterior chambers
- 100% soft medical grade silicone for patient comfort when inserting
- Integral airway allows for nasal breathing
- Silicone construction prevents adhesion for easy removal
- Provided sterile with or without inflation syringe

Number	Description		Qty/Box
20-10700	Ultra-Stat Epistaxis Balloon with syringe	Sterile	1
20-10701	Ultra-Stat Epistaxis Balloon	Sterile	1

POST-STAT™

Posterior nasal packing and suction channel

- Excellent for control of posterior intra-nasal bleeding
- Low profile design to maximize working space
- Multi-port suction/irrigator catheter inhibits clogging and provides for clear working area
- Soft silicone construction provides for low cuff pressure
- Silicone construction prevents adhesion for easy removal
- Provided sterile with inflation syringe

Number	Description		Qty/Box
20-10710	Post-Stat Epistaxis Balloon with syringe	Sterile	1

QUICK-PACK™

With airway

- Designed for nasal packing following septal, rhinoplasty, or other intra-nasal procedures
- 100% medical grade silicone reduces or prevents adhesion allowing for patient comfort in use and during removal
- Integral airway allows for nasal breathing
- Provided sterile with inflation syringe

Number	Description		Qty/Box

It has both high and low density molecules perfectly balanced to give optimum hydration coupled with a robust viscosity.
Indication: Restores elasticity and promotes longer-lasting hydration.
DO NOT MIX WITH ANY OTHER SERUM

Number	Description	Qty/Box
MYF515	5 ml Bottle	2 Vials

Cryosurgery is the localized freezing of skin tissue for a controlled destruction and removal of unwanted cutaneous skin lesions. The recent significant developments in cryosurgical devices and their techniques, such as the new CryoIQ®, have made cryosurgery extremely practical in the aesthetic application and a standard in cosmetic dermatology.

OTOVENT® MIDDLE EAR AUTO INFLATION SYSTEM

Otovent can prevent or treat Otitis Media and be an attractive alternative to surgery. Otovent treats many of the complications associated with negative ear pressure caused by Eustachian tube dysfunction.

- Frequent treatments are painless and regarded as “fun” by children
- Typically satisfying results early on; compliance is very high
- Effective without drugs and with no known side effects
- May avoid or delay recourse to surgery or ventilation tubes
- Very low treatment cost

BEFORE: Otitis Media, Eustachian tube dysfunction Negative pressure, pain, impaired hearing, learning problems.

DURING: Controlled pressure is transmitted through the nose and Eustachian tube to the middle ear pressure is balanced.

AFTER: Pain relief, hearing restored and improved prognosis.

OTOVENT TREATMENT SET

Each Kit Contains: one nose piece made of PVC, one instruction leaflet, and 10 pressure tested latex balloons

Number	Description	Qty/Box
90-00000	Otovent Kits, 1 Case*	12 patient kits
90-00001	Otovent Kits, 1/2 Case*	6 patient kits
90-00005	Otovent Adult, 1 Kit*	1 patient kit
90-00000B	Otovent balloons*	5 per pack

* Contains latex

SCOPE COVER CLEARVIEW II

The Clearview™ II improved design simplifies aseptic mounting, securing and removing the sheath without worry of scope damage.

- Proven Effective Barrier to Microorganisms as Small as 25nm*
- Patent Pending Securement
- Easy On, Easy Off- No Slip!
- Superb Optical Quality
- Universal Fit
- 100% Latex Free
- Sterile, Individually Packaged

Number	Description	Qty/Box	
28-36000	Flexible Endoscope Cover Fits 3.6mm Flexible Endoscopes	Adult	20

TRACHEAL T-TUBES

Designed for the surgical management of tracheal and subglottic stenosis and the reconstruction of cervical and thoracic trachea. Packaged 1 each.

- 100% medical grade silicone
- Easily trimmed to meet patient's needs
- Large soft collar with closure attached

Number Description

34-4360 IFO Focusable Fiberoptic Headlight, cradle headband, bifurcated cable illumination, black headband

FIBEROPTIC HEADLIGHT

- Ultra lightweight
- Adjustable for comfortable fit
- Can be used with most standard cables, 3 mm, 9 ft cable available
- Cables available to fit light sources of: K. Storz, Pilling, Olympus, Wolf ACMI

Number Description

34-4060 Fiber Optic Headlight (cable not included)

34-4061 Fiber Optic Headlight, Micro Spot (cable not included)

34-4065 Fiber Optic Cable, ACMI fittings, 3.0 mm, 9' long

FIBEROPTIC HEADLIGHT

- 90° focusable headlight
- Headlight module, 10–100mm variable spot
- Detachable joysticks (2)
- Set of cushioned detachable sweatbands
- Bifurcated cable, 9” with Wolf lens proximal as standard

Number	Description
GMF-H100	Surgical headlight with cradle

DIGITAL LED 4000 LIGHTING SYSTEM

- Lamp Light emitting diode technology (LED), life > 30,000 hours
- Color temperature 6500°K @ 75 CRI or 5600°K @ 92 CRI
- Intensity control Electronic (PWM) from 0 to 100%
- Turret, 4 ports ACMI, Olympus, Storz, Wolf (others available)
- Power 100–240V AC, 50/*60 Hz, worldwide operation
- Dimensions (WxHxD) 11”W x 4.5”H x 11”D; weight 3.4kg
- Weight 7.5 lbs (3.4kg)
- Regulatory IEC60601–1 3rd Edition, CAN/CSA C22.2 No. 601.1

Number	Description
34-5000	Swivel mount floor stand and swivel mount floor stand adapter mounting plate kit
34-4900	Deluxe Headlight with 20–110mm variable spot module and 4mm bifuracted headlight cable (black) with Wolf L/S end tip
34-4950	Digital LED lightsource with ergonomic 4–port turret, PWM dimming control, cable end–tip sensor, standby mode, RS32 & USB port for remote control.

LED LIGHTSOURCE

- Lamp Light emitting diode technology (LED), life > 50,000 hours
- Color temperature 6500°K Normal
- Intensity control Electronic (PWM) from 0 to 100%
- Turret, 4 ports ACMI, Olympus, Storz, Wolf (others available)
- Non–Turret model Available upon request
- Power 52W typical; 10–240V AC, 50/*60 Hz, worldwide operation
- Dimensions (WxHxD) 4.65” x 3.32” x 7.25” mm (~10” overall)
- Weight 2.5lbs (1.14kg), EN60601–1–2
- Regulatory UL60601–1, CAN/CSA C22.2 No. 601.1

Number	Description
LLS–2000T	Premium light source, 4 –turret, generating 50% greater output than LLS1000T
LLS–2000	LED Light source Single Port ACMI (others available)

CABLES

Number	Description
34–3140	Fiber Optic Cable, ACMI fittings, 4.0mm 8’ long
34–4065	Fiber Optic Cable, ACMI fittings, 3.0 mm, 9’ long

- Other fittings available (ex. Karl Storz Pilling, Olympus, Wolf)
- Custom size cables available upon request

TERMS AND CONDITIONS

PLACING YOUR ORDER

For your convenience, orders may be placed via email, fax, or phone. We will ship UPS ground unless otherwise specified.

Email: orders@invotec.net

Fax: (904) 886-9517

Phone: (800) 998-8580

PAYMENT TERMS

Our payment terms are net thirty (30) days. F.O.B. Jacksonville, FL unless otherwise specified.

ACCEPTANCE

All orders are subject to approval and acceptance from Invotec International, Inc. which reserves the right to alter or suspend credit, cancel unfilled orders or refuse shipment when credit conditions warrant such action.

PRODUCT SPECIFICATIONS AND AVAILABILITY

Invotec reserves the right to discontinue merchandise, make design improvements, change specifications, prices, terms or conditions of sale at any time without notice or obligation.

PACKAGING AND SHIPMENTS

- A. Processing of all orders begins immediately.
- B. All items shall be packaged and shipped in accordance with Invotec's best judgment. Special packaging or shipping instructions must be noted on the original order and acknowledged by Invotec.
- C. Shipment is F.O.B. Jacksonville, FL.
- D. Shipment dates are based on Invotec's best estimates. Invotec will exercise its best efforts to ship on schedule, but shall not be liable for damage or loss because of any delay in delivery.
- E. Invotec reserves the right to fill any order by complete or partial shipments unless otherwise agreed.
- F. Invotec's responsibility for loss or damage to goods ends upon delivery of those goods to the transporting company. If Invotec paid for shipping, we will assist you in any reasonable manner in filing claims for damaged or lost merchandise.
- G. Invotec shall not be liable for any failure or delay in delivery caused in whole or in part by any governmental act or regulation, civil commotion, delay of carriers, destruction of plants, fire, inability to obtain materials or shipping space, lockouts, strikes, wars, or any other cause beyond our control.

COMPLAINT HANDLING

If you encounter a problem or complaint, please do the following: 1) obtain all relevant facts, including the name of user, address, phone number, merchandise number, lot/serial number, date of occurrence and description of circumstances or nature of problem; and 2) report information immediately to Invotec's Customer Service Department at the number listed above. Every effort will be made to address and resolve problems in a manner consistent with our goal of providing quality merchandise and services.

RETURNED GOODS POLICY

No merchandise may be returned without the prior authorization of Invotec. All returns must be accompanied by a Returned Goods Authorization (RGA) number. This number can be obtained by calling our Customer Service Department. To request an RGA number, please have the following information when calling Customer Service: 1) original invoice number or purchase order number, 2) sales order number, 3) catalog number, 4) quantity, 5) lot number, 6) and reason for return. Please display the RGA number prominently on the box and include it on all paperwork. All authorized returns must be sent freight prepaid.

- A. All returned merchandise must be in its original package. Any merchandise returned that is obsolete, beyond its expiration date, defaced, altered, damaged or has come in contact with body tissue or fluids will not be eligible for return or credit. Sterile merchandise must be returned in full-box quantities with the outer seals intact.
- B. Merchandise returned in unopened, unused, undamaged condition within 60 days of the date of purchase will be credited at the customer's purchase price.
- C. Merchandise returned unused after 60 days and before 180 days from date of purchase will be credited at actual purchase prices less 25% restocking fees.
- D. Merchandise returned after 180 days from date of purchase is not eligible for return or credit.
- E. Altered or custom made items are not eligible for return or credit.
- F. If you are enrolled in the New Product Evaluation Guarantee Program and have a return, Invotec will refund you the purchase price for product purchased on an initial evaluation order subject to the conditions outlined in your warranty.
- G. Merchandise returned without prior authorization or not in accordance with the terms and conditions outlined above will be returned to the customer at the customer's expense.

RETURN OF MERCHANDISE FOR REPAIR

To arrange for the return of merchandise for repair, call Customer Service at (800) 998-8580 to obtain a Returned Goods Authorization (RGA) number and to schedule the repair. Please have the original invoice number or purchase order number available to assist in verifying warranty information.

A purchase order number is required to process all repairs. After obtaining a RGA number, Customer Service will inform you of the repair charge that will be billed to your purchase order.

The RGA number should be prominently displayed on the box and should be included on all paperwork enclosed with the merchandise requiring repair. Merchandise returned for repair should be safely packaged in protective wrapping. Customer must include with the returned merchandise the 1) purchase order number, 2) correct shipping and billing address, and 3) Repair Order Form or customer statement of problem/reason for repair.

ALL REPAIRS SHOULD BE SHIPPED FREIGHT PREPAID TO:

Invotec International, Inc.
6833 Phillips Industrial Blvd.
Jacksonville, FL 32256
ATTN: RGA # _____

IMPORTANT

Due to the potential threat to health, all instruments and devices returned for repair must have been decontaminated and/or sterilized. Any product received in an unsanitary condition will be deemed un-repairable and discarded unless Invotec is able to sterilize or decontaminate the product. An additional service fee of \$250.00 will be applied to the cost of the repair of any product requiring sterilization or decontamination by Invotec.

LOANER POLICY FOR REPAIRS

Loaners for merchandise that is being repaired under warranty are provided at no charge and must be returned to Invotec within ten (10) days after customer's receipt of repaired merchandise. If the loaner is not returned within the allotted timeframe, Invotec reserves the right to charge a daily rental fee. Rental fees will continue to be charged until the loaner is returned to Invotec.

Customer shall be responsible for any damage to loaner equipment while in customer's possession or during shipping back to Invotec. Customer is responsible for all shipping charges associated with the loaner's return.

REPAIR WARRANTIES

All repairs are warranted to be free from defects in material and workmanship for ninety (90) days after the date of shipment.

CHANGES TO TERMS

Invotec retains the right to change any of these terms or conditions without notice.

WARRANTY

Invotec International, Inc. warrants that the merchandise is free from defects in material and workmanship. Invotec will replace or provide a refund for any merchandise found to be defective so long as the merchandise is returned according to the Returned Goods Policy. Invotec shall not be liable for any consequential loss, damage or expense directly or indirectly arising from the use or misuse of, or inability to use, this merchandise. THE FOREGOING WARRANTY IS IN LIEU OF AND EXCLUDES ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, HOWEVER ARISING, INCLUDING MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AGAINST INFRINGEMENT OR OTHERWISE. Invotec neither assumes nor authorizes any person to assume for it, any other additional liability or responsibility with respect to this merchandise.
